Christmas Special - 30% off

The Christmas Season is here again and Crosby Advanced Medical Systems (CAMS) is ready to celebrate! During the month of December, ALL CAMS UNITS will be sold for 30% off the regular price!* This represents a unique opportunity to either *add* CAMS to your list of therapeutic offerings or to *expand* your current CAMS therapies. You may have patients who could benefit from a [Personal Tuner](#) (the only CAMS unit that does not require a prescription). Offering this discounted unit to your patients is just one more way to *give* during the Christmas Season.

The [Handheld LaserCam](#) is our most popular unit, but you will find a side-by-side comparison identifying the features and benefits of each unit on the website. Compare size, treatment times, mode of operation, ease of handling, source of power, and billability. We've made it easy to select a unit based on your needs and circumstances. [Click here to see comparison.](#)

With your Christmas purchase, we'll also include a free copy of Dr. Crosby's new book, *Beyond Pills, Knives and Needles*. This book explains the key elements of the CAMS technology:

- The resonant frequency of the Earth which has a balancing effect on all life forms

- The Earth's most abundant mineral (quartz) which has played a pivotal role in ushering in our technological age
- Scalar energy, the underlying force of the universe
- Conscious intention

The book also includes detailed instructions for how to use CAMS devices to relieve pain and inflammation while restoring balance and stimulating deeper healing -- without chemicals or mechanical intervention.

Please contact us if you have questions.

Christmas message from Dr. Crosby

December closes another year and opens the doorway to new beginnings -- a time of hope for us all. At Crosby Advanced Medical, we are working toward the release of an exciting new modality for pain control and telomeric therapy. If any of you are interested in early involvement, please contact us.
