## CAMS Christmas Special: 30% off!

We recently re-connected with one of our dedicated CAMS technology users who is not a practitioner. His expression of gratitude is a perfect *lead-in* to the Christmas season. It is also an opportunity for us to participate in the spirit of giving with a Christmas special.

"I met Dr. Crosby at dinner while attending a conference in 2005. At the time, my wife was experiencing such pain in her knee that she could not stand to work. When Dr. Crosby explained the CAMS technology, I jumped at the chance to ask for a treatment for my wife. The next morning, he gave her two treatments; she immediately got up and walked across the room - pain free. I kept asking my wife about her knee, almost every hour, for the rest of that day. She continued to tell me the pain was gone. I couldn't believe it. I attended Dr. Crosby's workshop and immediately bought a TensCam. Since that day, my wife's story has been repeated many times over the years as I have helped countless friends and acquaintances."

"I had knee surgery before I met Dr. Crosby and it continued to bother me - until I started using the TensCam. I treated my knee every time it gave me trouble. Now, my friends ask, 'Why aren't you using a knee brace anymore?' For me, the answer is obvious. My world is a better place because of CAMS therapy. If you ever want to give a gift to someone in pain, this is it. With gratitude." - Mike
