## The Living Matrix and the New Science of Healing

I am often asked to explain how CAMS Therapy works. Like many natural therapies, it is simple once you understand the underlying principles.

The current medical model does not yet acknowledge the

presence of the living matrix--an organizing *field of energy* that surrounds all living things. Awareness of the living matrix and its function are at the core of CAMS therapy. It is central to all energetic healing modalities.

I recently purchased the movie, *The Living Matrix - The New Science of Healing*. This documentary validates the presence of the energetic, electromagnetic *field* around the human body. More importantly, the film identifies the function of this field in the disease process.

Commentary from researchers, psychologists, and holistic practitioners featured in the film explains the significance of the field, and the further significance of restoring its original order (coherence):

*"Quantum physics says, the character of matter is ultimately determined by "the field."*-- Bruce Lipton, PhD, author of *The Biology of Belief*

*"The human body is an energy field; an energy field of standing, stationary, scalar waves that are correspondingly organized, structured and contain a great deal of information."* --Dietmar Cimbale, Biophysics researcher

*"Disease is, in a sense, scrambled information. If we can access the information, we can correct the scrambling and that's what a number of these new energy modalities are doing; they're basically correcting that information."*-- Lynn McTaggart, author of *The Field*

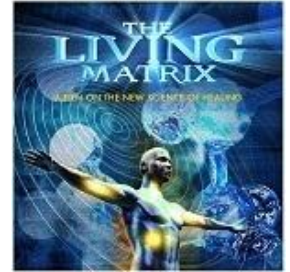

*"Coherence is the optimal physiological state that underlies learning, and performance; it facilitates a body's natural regenerative processes."*-- Rollin McCraty, Dir. of Research, Institute of Heartmath

*"Once you stop the distortion, surprisingly enough, the physiology begins to work, the chemistry comes right-- simply because we've learned how to correct the distortion in the body field."*-- Peter Fraser, Dir. of Research, NES, author of *Decoding the Human Body-field*

The movie, *The Living Matrix*, may be a valuable tool for practitioners who want to help their patients understand the foundational principles behind CAMS

technology. I highly recommend it. You can [view the movie trailer](#) and/or purchase the film online.

More information on how/why CAMS technology works, can be found in the book by Dr. Crosby, [Beyond, Pills, Knives & Needles](#). Order a CAMS unit and receive a FREE copy of Dr. Crosby's book.

I will be at the A4M Conference in Orlando, Apr. 11-13 at the Gaylord Hotel - Booth 435 if you would like to stop for questions or a demonstration.
